**Product Backgrounder
Celazome[®] Rosewater Clarifier Toner**

The gentle effectiveness of *Celazome[®] Rosewater Clarifier* can not be overstated. Designed for the most sensitive of skins, this toner has the dual ability to tighten and refine pores, its core purpose, and act as a gentle eye makeup remover, providing two important skin care functions in one product. This two-in-one ability puts it in the category of a *Dermazone Skinperative[™]* a designation given to products that have multi-purpose properties from which virtually any type of skin can benefit. The *Celazome Rosewater Clarifier* is the perfect toner for all but the most oily or acne-prone skin types. Custom-blended bioactives in the *Celazome Rosewater Clarifier* are Lyphazomes[®], Rose Centifolia Water, Birch Leaf Extract and Sodium PCA.

Key Bioactives: Rose Centifolia Water, Birch Leaf Extract, Sodium PCA,

Size: 7.0 oz **MSRP:** \$ 29.00

Celazome Rosewater Clarifier is a member of the Celazome toner line. Celazome toners are the final step in cleansing and prepping skin to maximize the effectiveness of other Celazome products. Celazome toners are designed to remove residual cleanser and oils while ensuring gentle care and hydration along with the tightening and refining of pores.

Dermazone Solutions, LLC is the provider of the Celazome cosmeceutical skin care line and the Lyphazome product line of therapeutic moisturizers and sunscreens. These products can now be purchased from Dermazone via the company's website (www.dermazone.com). Consumers can benefit from Dermazone Solutions' launch of its *Skinperative[™] Online Analyzer*, a question and answer program for consumers serves as a virtual aesthetician, analyzing consumers skin type, external factors and lifestyle and providing a recommendation for the most appropriate Celazome skin care regimen.
